TEN CENTS A WEEK

HORRIBLE TRAGEDY IN JACKSONVILLE

Father Killed by His Own Son in One of the City's Suburbs.

JACKSONVILLE, Fla., Jan. 23.—It seems that murders will never cease in this well policed city. Last night William O. Bethea, a young man 22 years old, was locked up on the charge of murder, and the most horrible part of the tragedy is that young Bethea is charged with murdering his own father, George Bethea.

The facts learned yesterday afternoon seem to show the crime to have been premeditated, although the young man believes that he was justifiable in committing the dreadful act. Later developments may prove differently, but from the information obtainable last night from eye witnesses it strongly appears that it was done in cold blood.

George Bethea was a carpenter and resided at 596 Delmer street, near Highway avenue, in the western section of the city. His wife and son resided in the same house, and it was in the family home that the quarrel which led up to the killing is alleged to have started. The younger Bethea worked with his father as a carpenter up to last Saturday night, but this week he had done no work, he claiming that he could not get along with his father.

From what was learned last night the story of the killing is as follows: The elder Bethea returned to his home shortly after 5 o'clock yesterday afternoon, after finishing his day's work on a house that he was working on in Highway avenue.

When the father returned home he had some unpleasant words with his son, and the boy left the house and walked several doors to 626 Delmer street, to where his sister resided. It was stated by witnesses that young Bethea carried a shotgun with him when he left his father's home, and it was with this shotgun that the father was killed.

The younger man went to his sister's home and went into the house. The father followed closely and had opened the gate and started into the home of his daughter when he was shot down by his own son. The sister and daughter, evidently knowing that trouble was brewing, ran to the front door of her home and pleaded with her father not to enter. The father continued walking towards the steps of the veranda when the younger Bethea stepped out and pointed the shotgun point blank at the father he pulled the trigger. The load of shot took ef-

fect in the stomach and the man, after walking back a few feet to the sidewalk, fell to the sidewalk dead.

The boy then came from the house and after looking upon the form of the dead man turned away, but was caught by R. L. Smith, who was nearby when the killing occurred. Mr. Smith took hold of the boy, who protested strongly, but Mr. Smith felt it was his duty to deliver the boy to the authorities and he held him until the arrival of Policeman Goodwin, who took him in charge and sent him to police headquarters in the patrol wagon.

When police headquarters was advised over the telephone of the killing several officers were dispatched to the scene, among them Detective W. B. Cahoon. The detective investigated the matter and learned the facts as stated above. The detective also learned that young Bethea had been carrying the shotgun throughout the day, and it is alleged that he had made threats against his father.

Young Bethea was seen in his cell at police headquarters shortly after the killing by a Times-Union reporter, and at first the young man refused to discuss the tragedy, claiming that he was in no humor to discuss the affair last night. He finally consented to give his version of the trouble, which, in part, is as follows:

The prisoner said that his father came home at noon yesterday and proceeded to curse his mother for many vile names. He says he told his father he should not act as he did, when the father turned upon him and cursed him.

The young man claimed that several weeks ago he caught his father in company with another woman, and he had reproached him for it, and that his father remarked at the time that he would kill him the first opportunity he had. He also told of the father coming home yesterday afternoon and renewing the quarrel.

Young Bethea says that when he went to his sister's home he went there to avoid trouble, and denies that he carried the shotgun to the house with him, although several witnesses will testify to the effect that he did.

His only reason for killing his father is that he was advancing towards the house when his sister had asked him not to enter. He did not appear to realize last night the sad predicament that he had placed himself in.

Death of Mrs. McCaa.

Mrs. B. B. McCaa of Norfolk, Va., died at her home yesterday after suffering for the past few weeks of typhoid-pneumonia, and her relatives in this city were at once notified. She is well remembered in this city, her father being Gen. Lang, and her numerous friends throughout this section will be surprised to hear of the demise. The burial will occur at Tallahassee, where her remains will be placed along side those of her mother.

Removed to Miami.

Mrs. J. W. Cannon and family left yesterday for Miami, which city they will make their future home. Mrs. Cannon has been a resident of Gainesville practically for the past fifteen years, but believing that she would be better enabled to pursue her trade as dressmaker she has gone to that city and also to join her son, Theodore, who holds a position there.

PRESIDENT'S SALARY NOT QUITE DOUBLED

TAFT WILL RECEIVE ABOUT \$41,000 MORE THAN ROOSEVELT.

President-Elect is Comparatively a Poor Man and Increase Will Be Welcomed by Himself and Family.

(Special Correspondence The Sun.)

WASHINGTON, D. C., Jan. 23.—After spirited debating the Senate this week succeeded in passing a bill increasing the President's salary to \$100,000, but by striking out the appropriation of \$25,000 for traveling expenses the proposed salary will not be doubled, but only increased by \$25,000. Mr. Roosevelt is the first President to have enjoyed an allowance for traveling expenses, and it is said that of the \$25,000 he received for that purpose last year he spent only \$9,000. Should the House concur in the action of the Senate and vote Mr. Taft \$100,000, and should he confine his wanderings to the distance traveled by Mr. Roosevelt during the year, he will in reality have \$41,000 more than Mr. Roosevelt. The Democratic side of the Senate, as was to be expected, held out for the simple life and was emphatically of the opinion that the Presidential job was not worth more than \$50,000, and Senator Bailey of Texas, who scoffs at the dress suit and other appurtenances of fashion, believed that the President should pay his own expenses for entertaining; that he should not be supplied with a conservatory, and that if he wanted flowers to tame his savage breast he should buy them out of his own pocket. He is of the opinion that the chief executive should go down into his jeans for his railroad tickets and his carriages and horses. But the Republican Senators, many of whom are very wealthy and know what it costs to live in these days of the full baby carriage and the empty dinner pail, stood out for the increase and succeeded in dragging it through with five votes to spare. The increase will no doubt be very acceptable to Mr. Taft, and especially to the wife of the President-elect, who is a practical woman with wide experience in the science of making a little money go a long way. Mr. Taft is a poor man as riches are reckoned these days. He has lived on a salary since his college days, and he has been too busy to make money. His brother Charles, as is well-known, married a fortune which he succeeded in promptly doubling, and he has been the Taft bank ever since. Still, it was not to be expected that he would help out with the White House expenses, and it must have given the President-elect some concern as to how he should keep up the Roosevelt gait on the Presidential salary. Mr. Taft is an essentially social being and he finds his greatest relaxation and pleasure in keeping open house. His tastes are not extravagant, but he has a fine disregard for cheese paring, and the White House will probably be conducted in a hospitable way for the coming four years. Congress appropriates \$35,000 annually for its upkeep, and in the rural districts this looks like a huge sum, but one has only to visit the executive mansion and glance over the small army of doormen, lackeys and domestic servants, all of whom are under the lax surveillance of other paid employees, to see that economy is the last consideration there. It is said that the Vice-President pays more for the house he rents furnished here than his salary, and that his household expenses are over fifty thousand dollars a year. Mrs. Fairbanks does not know how many servants are employed in the kitchen, and would not know her cooks and scullery maids and hostlers if she were to meet them. From this small fact it may be imagined what the expenses of the White House are.

GRAND MASTER MASSEY APPOINTED DEPUTIES

Admission of Fourteen New Lodges Made It Necessary to Create Twenty-Third District.

JACKSONVILLE, Fla., Jan. 23.—Following the adjournment of the eightieth annual communication of the Most Worshipful Grand Lodge of Florida, Free and Accepted Masons, Thursday night, yesterday witnessed all outgoing trains from the city bearing prominent members of the fraternity back to their respective homes in all parts of the State. Although the Grand Lodge had adjourned, the Grand Lodge officers were kept very busy throughout the day giving attention to unfinished business.

Grand Master Louis C. Massey announced the appointment of district deputy grand masters and standing committees. On account of the admission of fourteen new lodges, one more district has been created, making a total of twenty-three districts in the State.

District Deputies.

The district deputy grand masters are as follows:

First District—J. M. Flinn, Pensacola.

Second District—John Neel, Westville.

Third District—Paul L. Thompson, Quincy.

Fourth District—J. W. Kellum, Carrollton.

Fifth District—C. L. Leggett, Greenville.

Sixth District—A. D. Putterbaugh, Branford.

Seventh District—W. D. Mann, Sanderson.

Eighth District—William Lake, Starke.

Ninth District—John D. Grether, Jacksonville.

Tenth District—W. M. Cannon, Palatka.

Eleventh District—W. B. Higdon, Gainesville.

Twelfth District—N. I. Gottlieb, Ocala.

Thirteenth District—T. Picton Warlow, Orlando.

Fourteenth District—George F. Padison, Eau Gallie.

Fifteenth District—H. D. Hunt, Bushnell.

Sixteenth District—Leroy Brandon, Clearwater.

Seventeenth District—J. A. Cox, Lakeland.

Eighteenth District—L. W. Bethel, Key West.

Nineteenth District—L. W. Buchholz, Tampa.

Twentieth District—Z. T. Merritt, Miami.

Twenty-first District—W. H. Anderson, Bronson.

Twenty-second District—C. R. Warren, Blountstown.

Twenty-third District—Lamar G. Carter, Mayo.

Fourteen New Lodges.

Acting upon favorable report of the committee, charters were granted to fourteen new lodges in the State as follows:

Eugene Lodge, Eugene, Lafayette county.

Sutherland Lodge, Sutherland, Hillsboro county.

New Hope Lodge, Holt, Santa Rosa county.

Athena Lodge, Athena, Taylor county.

La Espanola Lodge, Tampa, Hillsboro county.

Ybor Lodge, Ybor City, Hillsboro county.

Trenton Lodge, Trenton, Alachua county.

LaCrosse Lodge, LaCrosse, Alachua county.

Anchor Lodge, Key West, Monroe county.

Hastings Lodge, Hastings, St. Johns county.

Pinetta Lodge, Pinetta, Madison county.

Bascomb Lodge, Bascomb, Jackson county.

Winter Haven Lodge, Winter Haven, Polk county.

The addition of these fourteen lodges made it necessary to form the twenty-third district. There are now 186 subordinate or particular lodges represented in the Grand Lodge.

The trustees of the Masonic Home and Orphanage announced that nearly \$15,000 had been raised for erecting and maintaining a home and orphanage, and that prospects were bright for adding materially to this sum during the year. Although it is expected that three years will have elapsed before actual work of construction of the home and orphanage is begun, yet the committee will work earnestly to secure as great amount as possible during the interim. As soon as the debt of the Masonic temple is cleared, the Grand Lodge will turn its attention to erecting the home and orphanage. Several fine sites have been offered the Grand Lodge for the purpose, and it is likely that one of the offers will be accepted at some early date.

The eightieth annual communication has taken its place in history as having been the largest attended and most successful meeting of the Grand Lodge in the history of the fraternity in Florida.

Mystic Shrine.

Following the usual custom of meeting each year just after the Grand Lodge's communication, the Shriners held forth yesterday afternoon and last night. A business session was commenced at 3 o'clock in the afternoon and lasted until dark. A number of important matters were profitably discussed and action taken in some.

At night a party of about fifty candidates were initiated into the mysteries of the Shrine. The novices got possession of the secret pass words of Morocco Temple, "Mene, Mene, Tekel Upharsin," and were given the razzle-dazzle shooting the chute from the roof of the temple to the cellar. After passing through the "Valley of the Shadow of Death," the candidates were confronted with the handwriting on the wall at his Satanic Majesty's Oriental Feast. They were then raised seven flights of stairs to the nobility. Illustrous Director Clarence S. Hammatt and S. C. O'Neil, in their respective places,

SEA ISLAND COTTON WAS QUIET AND FIRM

SAVANNAH, Ga., Jan. 23.—The Sea Island cotton market the past week has ruled firm, with a fair demand, mostly for the highest grades. The medium and lower grades participated but very little in the request, and high grades are relatively scarce. Quotations are unchanged from last week. Full choice was quotable at 16@16½c, but mostly nominal. The market closed quiet and firm, with a good deal of inquiry still noted.

Sales for the week were 1,616 bales. The following prices are based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas 19 @ 20
Fancy Georgias 19 @ 20
Extra choice Floridas 17½ @ 18
Extra choice Georgias 17½

ALABAMA FOR BENEFIT GAINESVILLE GUARDS

THEO. HUDGINS TO PLACE FOUR-
ACT DRAMA HERE.

Caste to Be a Strong One and Will Be
Announced Later—A Large
Audience Assured.

Early in February Theo. Hudgins has arranged to put on "Alabama," one of the prettiest dramas ever written, for the benefit of the Gainesville Guards.

A strong caste will be selected and our town people will have an opportunity to see Mr. Hudgins in a strong romantic leading role. In fact, the entire caste will have good parts and special scenery will be painted for the production.

In years past Mr. Hudgins has, with the valuable assistance of F. T. McCormick, given some fine productions in the old opera house, and with the meagre means then at their disposal they surprised their audiences. Now, with the advantage of an up-to-date stage, they promise something better than has ever been seen in Gainesville, and knowing his ability as a stage director and manager, we can confidently assure our readers that "Alabama" will prove the most artistic and successful attempt of our talented amateurs.

Plain Facts About the Hair

It is the duty of every one who is interested in hair preservation to learn enough about the subject to tell whether an advertisement for a hair remedy is reasonable or unreasonable. In this connection, the United States Postoffice Department has begun a much needed campaign against false and misleading statements in advertisements in general. While this work is highly commendable and should be greatly extended, still at the same time it tends to paternalism rather than to personal self-reliance. If YOU know that the claims for a hair remedy are unreasonable and untrue, that knowledge will save you money and prevent disappointment.

The trouble lies in the fact that certain over ambitious Proprietors employ advertising writers who do not know the composition of the remedies they write about, and even if they did, they are not expected to know the therapeutic action of the various ingredients. Two very familiar and oft repeated statements are, that the hair must be watered and fed just like a plant, and that the color of the hair, once destroyed, can be restored, by natural process. While both of these statements are false in every particular, it requires some little knowledge of the hair follicle to understand why the statements are false.

The hair follicle is a pear shaped sack in the scalp that holds the hair root. At the bottom of the hair follicle and extending up into it for a short distance, is a nipple shaped projection that remains in the scalp when a hair root is forcibly pulled out. This projection is the hair papilla from which the hair "root" grows. The continuous addition to the bottom of the hair root, forces the hair proper out through the scalp.

The hair papilla is surrounded by the hair root, which thus takes a bulbous form. Above the hair root or bulb—which occupies about three-fourths of the entire follicle—is the neck of the hair follicle, below which the most penetrating fluids known to Medical Science cannot penetrate. Therefore, the story of feeding the starved and impoverished hair roots with an external application is all a myth.

The short portion of the hair follicle above its neck opens somewhat like a funnel and is filled with the outer scalp skin. Opening into this outer portion are the highly important oil or sebaceous glands which, from their location, are most exposed to disease. When these oil glands become infected with a certain microbial growth (the cause of dandruff) there is hair disease and finally hair death. Fortunately this outer portion of the hair follicle can be treated by careful rubbing into the scalp a suitable remedy. What remedy should be used? Manifestly one that will destroy the growth that causes dandruff, itching scalp and falling hair.

Newbro's Hericide is the first remedy that was prepared for the particular purpose of destroying this invisible vegetable growth. In fact, it is called the "ORIGINAL remedy that kills the dandruff germ." Newbro's Hericide was not made until after Prof. Unna, of Hamburg, Germany (ask your doctor about him) discovered that dandruff is a highly contagious disease caused by a microbe. The almost marvelous success of Newbro's Hericide has caused advertising writers to claim germicidal properties for other hair remedies, many of which were on the market years before Prof. Unna's discovery.

Do you think that this new claim for old remedies is a reasonable one? Remember that the hair gets its life, color and strength direct from the blood, and that good blood, deep breathing and sunlight favor hair development. Out-door exercise, to insure free circulation in the scalp, also massaging for the same purpose, are very helpful. Worry, indigestion and sedentary habits oppose hair growth, while the dandruff germ will actually destroy the hair, unless it is eradicated and kept out of the scalp with Newbro's Hericide.

Hericide is delightfully cooling and refreshing to the scalp and almost marvelous results sometimes follow its continued use. It stops itching of the scalp almost instantly.

YOUR MONEY will be refunded if Hericide is not as represented.

TWENTIETH CENTURY CLUB.

Delightful Meeting Monday Afternoon
at Residence of Mrs. Gracy.

Monday afternoon, January 11th, a large number of club members and several visitors met at the residence of Mrs. L. C. Gracy and enjoyed one of the most delightful meetings of the club year. After the usual business, the literary program was begun, the subject being: "Introduction of Literature in the South, 1607." Every number demonstrated the most careful preparation and was thoroughly enjoyed. Mrs. J. D. Stringfellow, leader for the afternoon, opened the program with "Dixie."

A most instructive paper on "The Literary Heritage from England" was read by Mrs. G. K. Broome.

Mrs. Townsend, Mrs. W. J. Denby and Mrs. John Taylor gave beautiful readings on "Southern Life," "Before the Party" and the "Aristocracy of the South."

Lovely instrumental solos were exquisitely rendered by Mrs. Becker, Miss Catherine Hampton and Mrs. T. B. Stringfellow. Mrs. Gracy served a delicious salad and coffee course, after which the club adjourned to meet Monday afternoon, January 25th, at the residence of Mrs. G. K. Broome.

**SUWANNEE SHOALS
POWER COMPANY MAY
FURNISH GAINESVILLE WITH
POWER FOR ALL PURPOSES.**

Electric Railroad from Lake City to Gainesville via Worthington Springs Among Possibilities of Future.

Another important event is scheduled for Greater Gainesville, one which will prove of great benefit to the city and surrounding section.

The move in question is the electric railway from Lake City to Gainesville via Worthington Springs. The promoters of the enterprise say it will be one of the many improvements to come our way during the present year.

This has been brought about by the Suwannee River Shoals Power Company, who have been at work for some time disposing of stock and have succeeded in floated the bond issue necessary to its successful promotion.

Not only is the plan a feasible one, but parties not interested say it will be the biggest thing for Gainesville and Lake City in years. Capitalists all over the State are stockholders in the company.

It is proposed to dam up the Suwannee river near Suwannee Shoals and thereby secure sufficient power to furnish not only the electric railway, but all the towns and manufacturing concerns along the line that the intended road will traverse.

The road will traverse a very fertile section, which at the present time is lying idle, and will also touch many valuable farms that are already being worked. It will give an outlet to these people and will make life along the line all that could be desired.

The venture will prove a big thing for the Worthington Springs people, as it will then be a close rival to Suwannee Springs. If the power is anything like what it is claimed to be the company can extend the lines to other places.

With a tourist hotel, a large and first-class commercial man's hotel, an apartment hotel, together with the big paper factory, all for the year 1909, Greater Gainesville undoubtedly has a much brighter future, and besides all these, we are certain of work commencing on the Government building and many thousands of dollars to be spent here the coming summer on the University buildings.

WATER MAINS WILL NOW BE EXTENDED

REMAINDER OF MATERIAL HAS
ARRIVED FOR PURPOSE.

Superintendent Miller Says It Will Be
About First of the Month Before
He Begins Work.

The new water extension for certain parts of East Gainesville will at last be added, as all the material has arrived to complete the work.

Superintendent Miller of the water-works plant informs the reporter that he has only been waiting the arrival of these connections to commence this important addition, and it would now take him several days to make arrangements to commence the laying of these mains, but work would be commenced not later than the first of the month.

This will give a large section of the city the use of city water and fire protection that have long been in need of same, as it is a particularly well located section and many new and modern buildings have been erected in the prescribed territory.

While there are now in the neighborhood of fifteen residences that will be added to the new line of mains, there will no doubt soon be more, as it is expected this section will build up at a rapid rate now that it will have fire protection and city water.

A Religious Author's Statement.

If you will take Foley's Orino Laxative until the bowels become regular you will not have to take purgatives constantly, as Foley's Orino Laxative positively cures chronic constipation and sluggish liver. Pleasant to take. J. W. McCollum & Co.

Mr. and Mrs. Chas. R. Eddy of Orange Heights were among the visitors to Gainesville yesterday. This is their first visit here in some time, as Mr. Eddy has recently purchased property in Jacksonville and all of his business dealings have been in that city for some time.

Saturday was the most disagreeably dusty day for some time, and it is disgusting that the street sprinkler was not put to work. It was so dusty during the greater part of the day that it resembled a fog around the square, and kept the displays of goods covered, as well as annoyed the large crowd in the city.

Many little lives have been saved by Foley's Honey and Tar, for coughs, colds, croup and whooping cough. It is the only safe remedy for infants and children as it contains no opiates or other narcotic drugs, and children like Foley's Honey and Tar. Careful mothers keep a bottle in the house. Refuse substitutes. J. W. McCollum & Co.

For City Marshal.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.

MISS STRICKLAND RECEIVED BIG VOTE

IS MAKING RAPID GAIN ON OTHER CONTESTANTS.

Miss Bessie Dupree Also Received Good Vote Saturday—Interest Steadily Gaining.

Saturday was another red letter day in The Sun piano contest, the vote being one of the heaviest cast since the contest began. A feature of the day's balloting was the large vote cast for Miss Florrie Strickland, she receiving over 27,000 votes. Miss Bessie Dupree also received a big vote—over 16,000—while Miss Dorian Ellis received over 12,000 and still retains her lead by a handsome vote.

Following is the standing of the candidates:

HIGH SCHOOL LEADS BAND.

Miss Dorian Ellis Holds Second Place in Burkham's Contest.

Interest is increasing in the private piano contest of L. J. Burkham, and friends of the Band will have to hustle to keep up with the High School, as this institution has a strong following.

We desire to state that unless the votes are handed in every week we will be compelled to throw them out, as votes are not allowed to accumulate in this contest.

Following is the standing of the contestants:

High School	54,835
Dorian Ellis	53,405
Capt. Alvarez	17,645
Mamie Cannon	11,895
Miss Shands	3,410

Scientific Spanking

Consists in punishment only when a child is actually bad. Some mothers think that all crying is badness—it's not. When your baby cries, look for pins or some external cause; if you can't find them give the baby White's Cream Vermifuge, as the chances are it is suffering from worms which keep it hungry and cross all the time. Pleasant to take—sure in its action. Price 25 cents. Sold by W. M. Johnson.

Gets \$25 and the Trimmings.

Will Brown was given a hearing before Justice Carlisle on Saturday and fined \$25 and costs, which was promptly paid by his employer, and he will return to his work, but be good hereafter. He was charged with assault, the warrant having been sworn out by his wife.

Read the want ads. in today's Sun.

BETTER THAN SPANNING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N.J.—"It is with pleasure that I add my testimonial to your already long list—hoping that it may induce others to avail themselves of this valuable medicine, Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and made me feel like a new person, and it shall always have my praise." —Mrs. W. P. VALENTINE, 902 Lincoln Avenue, Camden, N. J.

Gardiner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months." —Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

RARE MUSICAL TREAT.

Theodore Human and Local Talent Give Public Musical Feast.

Theodore Human, the world famous violin virtuoso, and the best local talent entertained a large and appreciative audience at the Tabernacle Saturday night. It was indeed a rare musical treat, and the audience left the building feeling that they had been well repaid for the time spent. Professor Human is without doubt master of the violin, the sweetest musical instrument ever invented, and his equal has never been heard in Gainesville.

The entertainment was given for benefit of Holy Trinity Episcopal church, under the auspices of the Woman's Guild, and we regret that a rush

telegraphic communication with the Governor of California for a few days and is using all of his personal influence to prevent the introduction and passage of bills in the California Legislature designed to prevent the Japanese from holding land and being directors in corporations, and for the purpose of segregating their children in the public schools. The President believes hostile legislation toward the Japanese at this time by any State in the Union is ill-advised, and he is acting on the assumption that Japan will not send cheap laborers to the United States and that more Japanese now are leaving than are coming into this country. The prompt manner in which the Japanese press has recented the action of the California legislators makes it apparent that the passage of the bills would serve to quickly revive the hostility of a year or two ago, and that all of the progress made since in fostering friendly relations between the two countries would be undone. Our position in Asiatic matters is decidedly a delicate one, and the cordiality of our relations with Japan at present is easily menaced by these hot-headed statesmen.

Steadily Climbing.

Misses Marie and Florrie Strickland were in the city yesterday from their home at Paradise. The latter young lady is one of the leading contestants in The Sun piano contest. The other candidates had several thousand votes each when Miss Strickland's name was entered, but the rapidity with which she has climbed from the bottom of the ladder to within the third rim of the top shows that she has hosts of friends who are standing loyally by her in the race.

The Meanest Man in Town

Is the one who always wears a frown, is cross and disagreeable, and is short and sharp in his answers. NATURE'S WARNING

Gainesville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions.

If there are settling and sediment,

Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

Mrs. J. L. Warren of Starke, Fla., says: "For some time I was a victim of kidney trouble. The kidney secretions were too frequent, in passage, causing me the greatest annoyance and I suffered constantly from backaches and dull pains through the kidneys. I could not rest well and in the morning arose feeling tired and worn out. My back became very lame and I often found it difficult to get around. I at length read about Doan's Kidney Pills and procured a box. Since using them, I have been free from backaches and the soreness and lameness has disappeared. The annoyance from the kidney secretions also ceased and I am able to sleep well. Doan's Kidney Pills benefited me wonderfully and I can recommend them as the best kidney remedy I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The weather man has been exceedingly kind to Florida during the present winter.

Get busy if you want to win the \$10 thousand votes offered as a bonus in the piano contest.

The Younglove lot would be an ideal spot for a city park. It is centrally located and could soon be transformed into a veritable paradise.

If you desire to let your friends know "what Gainesville has," send them a copy of The Sun. It contains the information they desire.

Quail are reported rather scarce in the vicinity of Gainesville the present season. Probably the dry weather is responsible for this scarcity of these game birds.

A reason advanced by Speaker Cannon for refusing a bribe of \$100,000 cash once upon a time was his disinclination to sleep with a thief all the rest of his life.

The Florida Winter Bible Conference begins its session here today. This promises to be one of the most successful sessions of the Conference and the attendance will no doubt be large.

How some newspapers must be praying that they may be made martyrs in the Panama Canal case. What a revenge Mr. Pulitzer must have on Mr. Roosevelt—in the advertising columns!

Now that we are celebrating the Edgar Allan Poe centenary, why not circulate some of his detective stories among the secret officers? They don't lack imagination, but they might learn something in method.

The million unarmed Californians who thought of marching on Washington to protest against the freight rate split, which will take \$15,000,000 to \$20,000,000 from their pockets, haven't even started. Possibly the stony-hearted Mr. Harriman wouldn't give them free transportation.

France does not allow her President to appear in public on horseback for fear that he will captivate popular favor, or on the other hand, make his high office ridiculous. But if France had a Roosevelt for President she would not have much chance to dictate about his horsemanship stunts.

Presumably some legislators would say that the President exceeds his authority in influencing the Californians to let their Japanese residents alone. Anti-Japanese legislation by that State is a matter of national concern, in practice, and most people will forgive irregularity of form where our national interests are concerned.

The Hochi, a daily paper of Yokohama, comes out with a warning against the agitators in the California Legislature who are proposing bills不利 to the well-being of the Japanese. Nobody enjoys having Japan shake her fist at us, but just the same these agitators should be suppressed. If we ever have to fight the little islanders we want to have a better chance than excluding their children from public schools, and denying them other human and natural rights.

CURRENT COMMENT.

The New York Evening Post says: "Europeans who have regretted that this country has no privileged classes, might now take a look at well-to-do murderers in New York State."

The Punta Gorda Herald says: "It seems absurd that the counties should collect the one-mill State school tax, send it to Tallahassee, and then have it sent back to them from Tallahassee. This is one of the many nuts for the coming Legislature to crack."

The Punta Gorda Herald says: "The Legislature should enact a law making it a misdemeanor for anyone to solicit any favor, pecuniary or otherwise, either directly or indirectly, from a man who is an avowed candidate for a public office. This idea is original with The Herald and has not been suggested by anyone either in or out of office, or anyone who may be thinking of becoming a candidate."

The Washington Post says: "The increasing prosperity of the farmer has another significance. The rapidly mounting wealth of the farmer means that the time is coming when the farm will furnish as attractive careers, will demand as high an average of intelligence and will award as brilliant prizes as many of the professions which in the past have drawn to the cities the more ambitious and active brains, leaving the plodders and the dullards to the drudgery of country life. The 'fresh paint' smell, which Mr. McCormick detects throughout the country, is but the sign that a new agricultural era is dawning for the United States."

The Norfolk Landmark (Dem.) says: "Both Mr. Roosevelt and Congress should calm themselves, put on brakes and give the country a rest. Let us have no more than that bombast which set the country by the ears in the closing days of President Tyler's administration, when John Quincy Adams, himself a former President, suggested on the floor of Congress that the quarrel between the Executive and the Legislature would probably have to be settled in blood. The trouble which was thus exaggerated to a probable cause of Civil War was in reality of so little historical importance that hardly anybody now knows what it was. Let us have peace."

The Baltimore Sun (Dem.) says: "The tariff birds are flocking to Washington. And there are some rare ones among them. Lycopodium is one of the latest to fly in and try to make its nest under the tariff eaves. Recent recruits also include ferro-phosphorus, monazite, pepina and teazles. The gentlemen who are framing the tariff are not quite certain whether teazles is a new disease or a family pet, but, anyway, it needs protection from the cold free-trade winds, and it must be saved from the pauper teazles of Europe. The movement to take the tariff off art has received a check. Some of the Congressmen from the tall timbers who went to see the pictures at the capital city art show came away with the opinion that too much had been taken off art already."

Hon. John L. Neeley of Tallahassee, member of the Legislature from Leon county, was in Savannah recently, and The Savannah News quotes him as follows as to who will be Speaker of the next House: "Mr. Neeley was the most prominent candidate for Speaker of the next Florida House of Representatives, which convenes in April, until he withdrew in favor of his friend, Judge Syd Carter of Gainesville. Judge Neely says that Mr. Carter will be elected, although Ion L. Farris of Duval county is making a good fight for the distinction. Judge Neely, while being one of the youngest, is one of the most forceful men of the State, and his friends predict that he will be the next Governor after Gilchrist. He has been engaged until recently in the practice of law at the State capital with Attorney-General Ellis. Mr. Neely is everywhere recognized as an able attorney, and his career in the Legislature to come will undoubtedly mark him for higher honors."

When Your Joints Are Stiff
and your muscles sore from cold or rheumatism, when you slip or sprain a joint, strain your side or bruise yourself. Painkiller will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. The oldest, the cheapest and the best medicine for internal and external aches and pains in man is Perry Davis' Painkiller, and for over seventy years it has been the great standby for emergencies in thousands of families all over the world. Don't go home without a 50c or one of the new size 35c bottles.

Some steps should be taken by the Gainesville Board of Trade to encourage the proposed electric railway from Gainesville to Lake City, which it is hoped to finally extend power to every section in East Florida. The successful sale of the bonds recently by the Suwannee River Shoals Company shows that capitalists readily realize the importance and feasibility of the venture. Experts have already been engaged in this gigantic undertaking and it has been carefully figured out that sufficient power can be obtained to run dynamos with sufficient voltage to furnish all of East Florida with power, and now that Gainesville will be among the first beneficiaries it is the duty of the Board of Trade to assist in every way possible to take advantage of this great opportunity to boost Gainesville.

In no other country does the theory hold that a lawyer who takes fees to defend a criminal is a party to his crime. This is the principal charge against Senator Root. It need not cause him much uneasiness, and the country will be the gainer if he is as good a Senator as he was a cabinet officer.

The ladies who danced with Mr. Taft at the Atlanta ball say he is very nimble on his feet. It is probable that the ladies took care to be very nimble on their own feet. Three hundred pounds on a dancing slipper, with toes in 'em, is not a pleasant experience, even if they are Presidential pounds.

THE G. W. HYDE COMPANY.

Phenomenal Sale Now Being Rushed
by This Company.

Never in the history of Gainesville has such a gigantic sale been conducted. The thousands of patrons from all over the county who have attended this wonderful sacrifice sale have been more than pleased. They have gone their way rejoicing in the knowledge of the great bargains they secured and the fact that a store like The G. W. Hyde Company exists and that it is located in Gainesville.

Talk of panicky times, there was no suggestion of panic when you saw the surging crowds eagerly making their purchases, and all delighted.

This wonderful sale continues four days longer, and The Hyde people beg of you not to let this great opportunity pass, but attend this sale as often as you can. The sacrifice in ready-to-wear goods is something wonderful.

WILSON'S REMOVAL.

Cheaper to Put Out Goods Than to Move Them.

The removal sale of the Wilson store is attracting considerable attention from the liberal public, and crowds are thronging the place all during the day.

They justly claim it is easier to move the cash than the goods, and have slashed the prices on every article in their large stock to reduce it before the final removal to their corner building.

See their ad. and note the attractive prices they are offering for the special removal sale.

School Entertainment at Windsor.

Windsor, Jan. 23.—On Friday evening, 22nd inst., a delightful surprise entertainment was given by the school children in honor of their beloved teacher, Mrs. H. Latimer, also for parents and friends. Recitations, songs and dialogues well rendered filled up a pleasant hour's program.

Mrs. Hauf and son, Guy, of Crugers, N. Y., delighted all with a fine violin solo by Master Guy, with guitar accompaniment by Mrs. Hauf. Mrs. Lent of Crugers, New York, gave a nice talk, contrasting the schools of sixty years ago with the present. Mrs. Latimer is scoring fine success as teacher, and with her lovely children has won all hearts.

The Pure Food Law.

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by all druggists.

The tourists who have visited Long Key since the establishment of the Fishermen's Camp at that place declare that there is no place on the East Coast—and that means everywhere else—that offers such attractions to the tourist. Long Key is now a beautiful spot. The cocoanut grove on the point has been made a most picturesque scene, the trees have been nicely trimmed and the shaggy ones cut out. Professional gardeners have been at work on other parts of the island, and the results have been truly wonderful. Hundreds of tourists will visit the "camp" this year, and next season arrangements will have to be made to take care of thousands. —Key West Citizen.

Lame Shoulder.

This is a common form of muscular rheumatism. No internal treatment is needed. Apply Chamberlain's Liniment freely twice a day and a quick cure is certain. This liniment has proven especially valuable for muscular and chronic rheumatism, and is sure to give quick relief. Chamberlain's Liniment is also most excellent for sprains and bruises. Price, 25 cents; large size 59 cents. For sale by all druggists.

St. Petersburg's city directory, for 1909, indicates a total population of 4,971 residents, an increase of 20 per cent over last year. This does not include any of the great crowd of tourists now in that little city. A municipality which is growing at a rate that promises to double the population every four years is "doing itself proud"—Times-Union.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by all druggists.
